

CO40 Portable Handheld Carbon Monoxide (CO) Meter

Simultaneously measures Carbon Monoxide (CO) concentration and Air Temperature with user-settable CO audible alarm (30ppm default). The CO40 is designed with a vented ball for fast response time sensing CO gas.

Common CO Problem Areas:

- HVAC service on furnaces and hot water heaters
- Home inspections
- Blocked chimneys
- Out-of-adjustment burners
- Gas-powered generators
- Ambient air safety checks on residential appliances
- Industrial environments where the accumulation of CO is possible

Features

- Simultaneously displays Carbon Monoxide (CO) level and Air Temperature readings on large LCD display
- Designed with vented ball (Electrochemical CO sensor) for sensing CO gas quickly
- High alarm set point
- Visual and Audible beeper alarm default at 30ppm (adjustable from 0 to 999ppm)
- Manual calibration in fresh air
- Stores Max readings of CO and Temperature
- Max Hold and Data Hold during use
- Auto Power off with disable
- Low battery indicator
- Tripod mount (tripod sold separately)
- Complete with four AAA batteries and soft case

Specifications	Range	Resolution	Basic Accuracy
Carbon Monoxide (CO)	0 to 999ppm	1ppm	±5% of reading or ±10ppm
Temperature (Air)	14 to 122°F (-10 to 50°C)	0.1°F/°C	±1.2°F/0.6°C
Response Time	<30 seconds		
Dimensions	8.3x2.4x1.6" (211x60x40mm)		
Weight	6.4oz (181.4g)		

Ordering

- CO40 Portable Handheld Carbon Monoxide (CO) Meter
- TR100 Tripod
